Our ministry:

Martin and Judy serve Send in student mobilization and recruitment on 4 Bible College and Seminary campuses. We help students to find their spiritual gifts, locations and ministries, do life coaching, realistic goal setting, offer internships, summer ministries, academic internships and career opportunities. Most every summer we travel to different Send fields to learn about recruitment needs, evaluate ministries, help scope out new ministry locations and help in recruit missionaries to fill those needs and member care. A new ministry is to take college students abroad and expose them to new opportunities and fields. We have developed a new recruitment focus and tool: Team Up Ministry. This is designed to recruit between 3 and 6 students from a senior class that are individually called by God but to serve together with different gifts on the same church planting project. Our first such team now serves in Kazakhstan and they are doing very well.

Additional fields where such team-up would work is Alaska, China, Western Russia, Poland, Czech Republic, Kosova, Japan, Taiwan, Spain, Slovenia, and Ukraine.

Please find updated prayer requests on our blog page at: <http://sendmidwest.blogspot.com/>

Thanks so much for your ongoing prayer and financial support. Having you on our team is a real blessing to us!
